Trade Measures adopted in response to the war in Ukraine

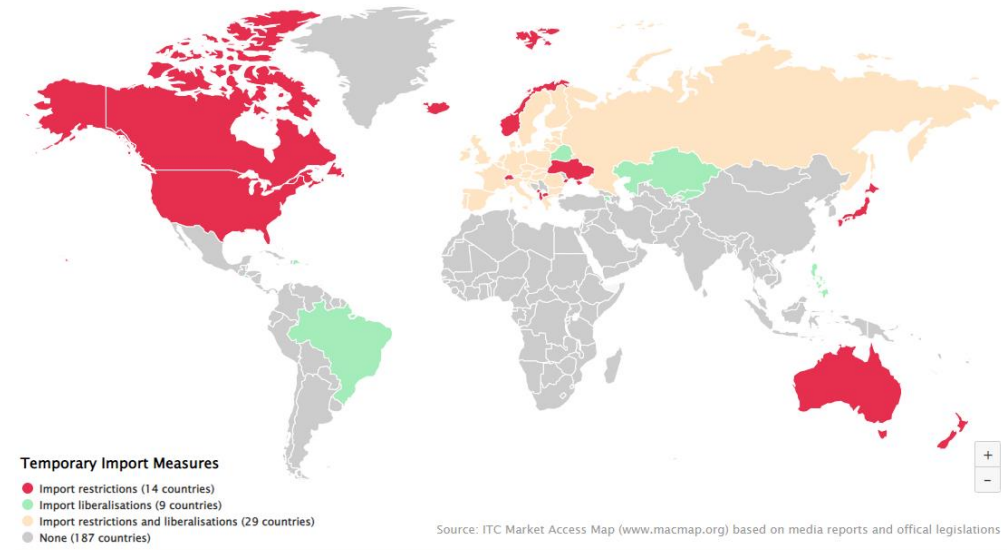

May 2022

This bulletin shows Trade Measures adopted in response to the war in Ukraine, governments are enacting temporary trade measures as part of economic sanctions and counter-sanctions packages. The rapid destabilization in the region has further led to export restrictions in vital products, such as food and fertilizers, by several countries.

Export Measures

| Type Of Measure | Affected Products | Measure | Effect On Trade | Affected Partners | Status Of Measure | Start Date | End Date |
|--------------------|---|---|-----------------|-------------------|-------------------|------------|----------|
| Export prohibition | oil seeds, cooking oil, agricultural products | During the week of March 10, to stabilize local market conditions, the Ministry of Trade temporarily halted exports of grains, oilseeds, cooking oil, and a few other agricultural commodities. These export restrictions come at a time when food inflation is running high and there is growing concern about disruptions to domestic agricultural supply chains resulting from the war in Ukraine. | Restrictive | All countries | Active | 04/03/2022 | Unknown |
